

You work hard
to improve the lives
in your local community.

We connect you with
technology that helps you
change the world.

TechSoup Africa provides organizations like yours with the support, knowledge, and technology you need to maximize your impact.

And our free resources — such as articles and newsletters — help you make smart technology decisions.

Our donation program alone has saved nonprofits in Africa over US\$45 million.

Donations are available to you from partners such as

Eligibility rules per donor may vary. We charge a small fee for donation requests, which supports programs and education that help nonprofits in Africa to achieve their missions.

TechSoup Africa Partner Network

Our partner network consists of four capacity-building nonprofit organizations. They share a common vision and mission: to strengthen the local nonprofits with technology donations and discounts, technology know-how, grants, and other resources.
